## Technical

Timer: n/a  
Power: 2.5kN (250kg)  
Speed: Up to 10mm/second  
Sizes: 2.5oz, 6oz, 8oz, 12oz, 310ml, 600ml  
Weight: 1.3 kg  
Charger Input Voltage: 110/ 220 V AC  
Charger Time: 20/25 minutes (80%)  
Warranty: 1 Year  
Meets or Exceeds: CE Certified

The AD600 series cartridge guns offer a cordless method of applying deposits of sealants, silicones, compounds, grease and more. Eliminating the need for airline hoses, making it easier to get sealants on-to products direct from Semco and Techcon single part cartridges, Semkits and Techkits.

Available in cartridge sizes 2.5oz, 6oz, 8oz, 12oz and 310ml. Also version for 600ml sausage packs.

Features unique rod less design making the gun compact and easy to use. One handed adjustment to rod speed for setting the best flow rate. Reverse function at the end of each dispense cycle to reduce ooze and drips. Battery indicator showing amount of power left. Rapid charge of 80% full in around 25 minutes. Ability to achieve 50-100 cartridges before battery requires recharging. Spare batteries available to order with the gun.

Supplied complete in a convenient carry case with a battery charger, metal retainer body, spare cartridge, plunger, nozzle. It is CE certified. Dual 110/220V power charger.

Covered by a 1 year warranty. This clever designed cordless dispenser is simple to use and operate and we offer full technical support for setting up.
